

June is a great time to join...

Thank you! The movement to support NeuroWellness is growing!

Let me tell you about Kris Anest from Charles Schwab. Kris attended the inaugural "Dancing for Stroke" event and it left a lasting impression on her heart. As people in her family have suffered from a stroke, Kris shared her story from the Dancing for Stroke 2015 event with co-workers at Charles Schwab and she discovered numerous connections to the cause. The good people in Charles Schwab's corporate office wanted join in raising awareness and making an impact on NeuroWellness in the east valley. They will raise funds for Stroke Camp, dance lessons, hippotherapy, and more programs that are provided to stroke survivors and their caregivers. Charles Schwab has 13 management level employees who are taking lessons with the professional dancers from the Arizona Ballroom Champions to host their very own Dancing for Stroke event at the Charles Schwab offices at the end of the month.

The Charles Schwab team are nearing their goal of \$25,000 raised and challenging the Dignity Health teams to keep dancing and to keep raising funds for the fall event.

These beneficiaries are near and dear to my heart. Obviously they are near and dear to others as well! Thank you to the entire Charles Schwab team. I hope you enjoy this quick peek at Coach Shawn [on the video](#) and I thank everyone for joining me to raise funds and awareness. Now, join me on October 1st. Buy tickets now!
